BELLE ISLE CASTLE

Belle Isle Castle is a stunningly impressive sight on its own island overlooking the beautiful Lough Erne in County Fermanagh. A splendid, double-vaulted entrance hall welcomes guests into this imposing building with its stone walls, heavy wooden doors and large sculpted windows, all encased in ivy leaves and fresh greenery. The drawing room features floor to ceiling windows and an inviting fire, the perfect place to gather after a long day. The rooms have been individually decorated to luxurious standards with an exquisite mix of furnishings, fixtures and fittings. The Georgian Group will enjoy exclusive use of this beautiful castle for the latter half of the tour.

Description of Rooms available:
